ORDER RETURNING UNDOCKETED APPEAL TO EXAMINER

---

This Image File Wrapper (IFW) application was electronically received at the Board of Patent Appeals and Interferences on May 3, 2007. A review has determined that the application is not ready for docketing as an appeal. Accordingly, this application is herewith being returned to the Examiner. The matter requiring attention prior to docketing is identified below:

Appellant filed an Appeal Brief which was received by the USPTO on February 9, 2006. The content listed under the heading “**Summary of Claimed Subject Matter**” does not provide a concise explanation of the subject matter defined in each of the independent claims involved in the appeal. *See* 37 C.F.R. § 41.37(c)(1)(v) 2006.

Application 10/634,110

Correction is required. MPEP § 1205.03 states:

When the Office holds the brief to be defective solely due to appellant's failure to provide a summary of the claimed subject matter as required by 37 CFR 41.37(c)(1)(v), an entire new brief need not, and should not, be filed. Rather, a paper providing a summary of the claimed subject matter as required by 37 CFR 41.37(c)(1)(v) will suffice. Failure to timely respond to the Office's requirement will result in dismissal of the appeal. See MPEP § 1215.04 and §711.02(b).

Accordingly, it is ORDERED that the application is returned to the Examiner to:

- 1) hold the Appeal Brief filed on February 9, 2006, defective;
- 2) notify appellants to file a paper providing a summary of the claimed subject matter as required by 37 CFR 41.37(c)(1)(v);
- 3) consider the paper providing a summary of the claimed subject matter as required by 37 CFR 41.37(c)(1)(v) and;
- 4) for such further action as may be appropriate.
